<b>Total Comprehensive Income</b>	<b>380.71</b>	<b>1903.35</b>	<b>66.84</b>	<b>523.40</b>

#### Performance review and the state of Company's affairs:

Your Company has prepared the Financial Statements for the financial year ended March 31, 2021 in terms of Sections 129, 133 and Schedule III to the Companies Act, 2013 (as amended) (the "Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The operations and consequential financial performance of the Company remained impacted throughout the year under review due to the Covid-19 pandemic.

The Company's consolidated total income for the year 2020-21 was Rs. 6753.83 Lakhs as compared to Rs. 6442.32 Lakhs in the previous year FY2019-20. Profit before tax (PBT) was Rs. 2012.01 Lakhs as compared to Rs. 262.43 Lakhs in the previous year.

The Company's standalone total income for the year was Rs. 3137.66 Lakhs as compared to Rs. 3003.66 Lakhs in the previous year. Profit before tax (PBT) was Rs. 505.94 Lakhs as compared to Rs. a loss of Rs. 120.09 Crores in the previous year.

### 2. COVID-19 impact

The outbreak of the deadly COVID-19 virus and the ensuing lockdown imposed across the country affected business operations. The health of the employees and workers became a priority; stoppage of operations for an uncertain period resulted in a large financial burden on the one hand and workforce idling on the other. COVID-19 is an unprecedented challenge. The lockdown gave India time to make a concerted effort to flatten the outbreak curve.

With the Covid-19 pandemic impacting people across the globe, socially and economically, your Company also witnessed severe disruption in its operations, which impacted the annual performance of your Company. The financial year under review began amidst nation-wide lockdowns imposed by the Central Government to contain the spread of Covid-19 and the lockdowns were followed

by systematic/gradual removal of restrictions on the free movement of people by the Central and/ or the State Governments. The Country also witnessed a second wave of the pandemic beginning in the last quarter of the financial year under review. While the novel Corona virus has had a terrible humanitarian impact, it is also taking a heavy toll of economies across the world. Accordingly, the operations of the Company during the financial year 2020-21 have also been adversely impacted.

### 3. Dividend

Your Directors do not recommend payment of dividend.

### 4. Reserves

The company has not proposed to transfer any amount to the general reserve

### 5. Information on State of Affairs of the Company

Information of the segmental operations and financial performance are given in the Management Discussion and Analysis Report in accordance with Regulation 34 (3) and Schedule V (C) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

### 6. Human resources

The Company believes that the quality of employees is the key to its success. In view of this, it is committed to equip them with skills, enabling them to evolve with technological advancements.

Considering the health and safety of employees and advisories, orders and directions issued by State and Central Governments to restrict the novel corona virus, the Company implemented a work from home policy to ensure employee safety. The HR department of the Company was continuously in touch with employees to guide and solve problems. It created awareness regarding COVID-19 and educated employees about precautions. As on 31 March 2021, your Company has a diverse employee base with 136 employees all over India.

**7. Scheme of Amalgamation**

During the year under review, application/petitions have been filed with Hon'ble National Company Law Tribunal (NCLT), Delhi for sanction of the Scheme of Merger of the wholly owned subsidiary namely, Almondz Global Infra-Consultant Limited with the Company. [Pursuant to Section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies  
 (Appointment and Remuneration of Managerial Personnel)  
 Rules, 2014 and Regulation 24A of SEBI (Listing Obligations and  
 Disclosure Requirements) Regulations, 2015 as amended]

To,

The Members,

**ALMONDZ GLOBAL SECURITIES LIMITED**Regd. Office: F-33/3, Okhla Industrial Area Phase-II,  
 New Delhi-110020

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **ALMONDZ GLOBAL SECURITIES LIMITED** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on **31<sup>st</sup> March, 2021** ('Audit Period') complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31<sup>st</sup> March, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2018;
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; (Not Applicable to the Company during the Audit Period);
  - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999;
  - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; (Not Applicable to the Company during the Audit Period);
  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; (Not Applicable to the Company during the Audit Period) and
  - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not Applicable to the Company during the Audit Period).

- (vi) Other Laws specific applicable:
  - a) Bye-laws, Rules, Regulations, Guidelines, Circulars & Notifications issued by SEBI, Stock Exchanges & Depositories and applicable to Depository Participant & Registered Broker

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India;
- (ii) The Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("SEBI (LODR), 2015").

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above to the extent applicable except that the Company had submitted the voting results for the Court Convened Meeting after the time prescribed under Regulation 44(3) of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015, NSE & BSE have imposed a fine of Rs. 10,000/- each and the Company deposited the same.

**We further report that**

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors during the audit period. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent seven days in advance generally, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Decisions at the Board or Committee Meetings were carried out unanimously except in such case where dissent of Director(s) was recorded specifically.

Based on the compliance mechanism established by the company and on the basis of Compliance Certificate(s) issued by the company secretary and taken on record by the Board of Directors at the meeting(s), we are of the opinion that the management has systems and processes in the company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period, there was no specific event/action in pursuance of the above referred laws, rules, regulations, guidelines, etc. having a major bearing on the Company's affairs.

## Management Discussion and Analysis Report

### FORWARD LOOKING STATEMENTS

The statements in the "Management Discussion and Analysis Report" describe the Company's objectives, projections, expectations, estimates or forecasts which may be "forward-looking statements" within the meaning of the applicable laws and regulations. Actual results may differ substantially or materially from those expressed or implied therein due to risks and uncertainties. Important factors that could influence the Company's operations, inter alia, include global and domestic demand and supply conditions affecting selling prices of finished goods, input availability and prices, changes in government regulations, tax laws, economic, political developments within the country and other factors such as litigations and industrial relations.

#### (A) Economy, Industry Structure & Development

In the COVID-led Financial Year 2020-21, Central Statistical Organization (CSO), in its third advanced estimates, projects India's annual Gross Domestic Product (GDP) to contract by 7.3%. Considering the sector-wise growth, while the output for all the sectors declined over the previous year (except agriculture), construction and trade/hotels have been more severely hit and have seen a sharper decline in output. In the first half of the Financial Year 2020-21, demand was lower across sectors due to lockdown and the supply of goods and services was disrupted mainly due to the non-availability of labour and logistics constraints. However, the gradual opening of the economy from October 2020, resulted in a faster than-expected recovery in the second half of the Financial Year 2020-21. Leading indicators of pick-up in economic activity such as power consumption, GST (Goods and Services Tax) collections, PMI (Purchasing Manufacturing Index) were either similar or higher than the pre-COVID levels in the second half of the year. Multiple measures and much-needed financial support provided by the Government under the Atmanirbhar Bharat Mission also cushioned economic growth. Further, India continued to be a preferred destination for investments by global investors and was one of the few countries to receive high inflows in the Financial Year 2020-21. As we enter the Financial Year 2021-22, the second wave of COVID-19 is more severe and is leading to a high degree of uncertainty. However, economists believe that as India's COVID-19 vaccination program gathers traction, economic activities will normalize in the coming months. Indian and international agencies expect India's real GDP growth to be in the range of 7.5%-9.5% and the growth will be supported by the pick-up in consumption, increase in investments, and revival in the service sector.

#### Industry overview

Indian capital market saw a sharp fall in Mar-20 and a gradual recovery which has brought us to all-time highs. Despite this, in the past two years, Indian equity markets have underperformed their global peers against the background of perennially expensive valuations. Post US

elections and vaccine news flow to Emerging Markets (EM) have exploded in Nov-20, equity inflows into Asian markets have risen to a record high. India saw \$17.7 bn inflow in 12 months to Nov-20, including \$8.3 bn in the same month. Nifty EPS has seen the first upgrade after 23 quarters of a downgrade. 182 of BSE-200 constituents gained in Nov-20, with 116 stocks posting >10% gains MoM, leading to a broad-based rally. The pandemic has created massive opportunities for some businesses. It has created enormous opportunities for pharmaceutical and chemical companies, the technology industry, for IT off shoring, remotely operating industries. Overall, the Emerging Markets (EM) are going to do better in the coming year.

The Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development.

According to the Department for Promotion of Industry and Internal Trade (DPIIT), FDIs in the construction development sector (townships, housing, built up infrastructure and construction development projects) and construction (infrastructure) activities stood at US\$ 25.93 billion and US\$ 23.99 billion, respectively, between April 2000 and December 2020. In FY21, infrastructure activities accounted for 13% share of the total FDI inflows of US\$ 81.72 billion.

The infrastructure sector has become the biggest focus area for the Government of India. India plans to spend US\$ 1.4 trillion on infrastructure during 2019-23 to have a sustainable development of the country. The Government has suggested investment of Rs. 5,00,000 crore (US\$ 750 billion) for railways infrastructure from 2018-30.

India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for Development of Northeast to undertake strategic infrastructure projects for the region.

#### (B) Opportunities & Threats

Economic recovery seems consistent and could lead to a more optimistic economic outlook. While some segments have reached near-normalcy, the others would do so in the coming months. Indians have a choice to invest anywhere in the world under the LRS. The country's market cap is around 2-3% of global market cap. Indian investors need to seriously consider putting a small portion of their investible surplus by diversification and investing in stocks listed abroad. We believe that small and midcap space will be back in favour in 2021. One of the most distinguishing characteristics of companies in this segment is higher growth rates than larger peers. Investors have always flocked to this category in anticipation of higher returns,

given their potential to report increased profitability and gains in market share. The Nifty Midcap 100 index shows an extremely high correlation with GDP growth. As compared to the Nifty, the Midcap index has higher weights in Autos & Auto components, Consumer, Real Estate, Chemicals & Pharma and Utilities, all of which have structural tailwinds favoring them for the next 18-24 months. All these factors collectively will give a good traction to the financial services business of the Company.

In infrastructure sector, the increased impetus to develop infrastructure in the country is attracting both domestic and international players. Private sector is emerging as a key player across various infrastructure segments, ranging from roads and communications to power and airports. In order to boost the construction of buildings in the country, the Government of India has decided to come up with a single window clearance facility to accord speedy approval of construction projects.

In March 2021, the combined index of eight core industries stood at 122.5. In the road's sector, the Government's policy to increase private sector participation has proved to be a boon for the infrastructure industry as many private players are entering the business through the public-private partnership (PPP) model. India is expected to become the third largest construction market globally by 2022. India plans to spend US\$ 1.4 trillion on infrastructure projects through the National Infrastructure Pipeline (NIP), from 2019 to 2023, to ensure sustainable development in the country.

Being a private player engaged in the Infrastructure Advisory, we expect to get a good pie of infrastructure advisory business in the Company.

#### (C) Segment-Wise Performance

Segment information is presented in respect of the Company's key operating segments. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The following summary describes the operations in each of the Company's reportable segments:

Reportable segments	Operations
Debt and equity market operations	It comprises dealing/trading in shares and bonds which involves exposure to market risk.
Corporate finance/advisory fees	It comprises merchant banking, underwriting commission, corporate and loan syndication fees and arranger of debts/bonds, services in relation to infrastructure projects mainly in the nature of services etc. There are mainly in the nature of services involving no or negligible risk.

Wealth Advisory / Broking activities	It comprises stock and share broking on stock exchanges and other related ancillary services, broking and commission of mutual funds, equity initial public offerings, capital gain bonds, fixed deposits of government undertakings and RBI taxable bonds etc. These are mainly in the nature of services involving no or negligible risk.
--------------------------------------	---

The following table sets forth the net revenues, operating expenses and pre-tax earnings of business segments of the Company:

(Rs. in Lakhs)

Segment		Year ended 31 March 2021	Year ended 31 March 2020
Debt & Equity Market Operations	Net Revenue	809	65.00
	Expenses	406	358.00
	Profit before Tax	403	-293.00
Corporate Finance and Advisory fee	Net Revenue	1124	1677.00
	Expenses	1103	1545.00
	Profit before Tax	21	132.00
Wealth Advisory / Broking Activities	Net Revenue	709	943.00
	Expenses	619	926.00
	Profit before Tax	90	17.00

#### (D) Outlook

We expect financials to benefit from growth pick-up in 2021. We expect bank provisions to come down after a long credit down-cycle of the past four years and PPOP growth to pick up due to improving credit growth. Exchanges, payments, capital markets (AMCs and brokers) are the emerging and high growth segments, while life insurance and banking should remain the mainstays. Select niche NBFCs with moats in some product segments (auto loans and durables financing) are also expected to make a comeback after the past two tough years, post the IL&FS crisis. Valuations leave some room for a rerating in banks and select financials. Industrials/Manufacturing/Real Estate

#### (E) Risks & Concerns

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organisation's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organisations

to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Market risk
- Interest rate risk
- Legal & regulatory risk
- Economic and Political risks

#### **Risk management framework**

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has policies covering specific areas, such as interest rate risk, foreign currency risk, other price risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

#### **Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counter party to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customer and investments. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies. The Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

#### **Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions,

without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of Rs. 1278.35 lakh as at March 31, 2021 (March 31, 2020: Rs. 913.98 lakh) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

#### **Market risk**

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to one type of market risk namely: interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

#### **Interest rate risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations exposes the Company to cash flow interest rate risk. Since the Company has no variable borrowing rates in the current year, the Company is not exposed to interest rate risk.

#### **Legal & regulatory risk**

The Company is in the business of financial intermediation and is committed to adhere to very high compliance standards. This is imperative in any regulated business as the business' continuance is otherwise at risk. Substantial legal liability or a significant regulatory action against the Company could have material adverse financial effects or cause significant reputational harm.

#### **Economic and Political risks**

The Company is fairly exposed to the domestic and global political and economic risks. The risks arising out of any downturn in the economic conditions of the global markets, as felt in the last year, could have an adverse impact on the performance of the company. Performance and growth is also dependent upon the health of the overall Indian economy and political.

**Internal controls review –** The Company has strong internal controls and review mechanism. A detailed audit process and audit plan by external agencies cover the

key risks identified through the risk management program, wherein existence and effectiveness of the control measures indicated against the risks are verified. The review of the process and findings is done by the senior management on a monthly basis and is an integral part of the performance management of the organisation.

**(F) Adequacy of Internal Controls**

The Company has invested in building a system of internal controls to achieve operational efficiency, optimum resource utilization, effective monitoring, and adherence to strict compliance standards. The Company has in place a well defined organization structure with separate business and support lines. Each line has a separate revenue, cost and contribution budget which is monitored periodically. The budgets are in turn disintegrated over various levels within the business/support verticals to reveal individual performance. There is a well defined delegation of authority and responsibility across the organisation.

**(G) Operational Performance**

Almondz is an integrated corporate consulting services group, offering a wide range of services to a significant clientele. The group has interests providing project implementation consulting spanning over feasibility study, engineering and supervision of projects and ending with financial closure, risk and assurance services etc., thus providing a 360 degree advise to its clients. The company specialises in Infrastructure sector spanning over highways, power, airports, urban and water sectorin besides investment banking, institutional equity sales, trading, research, and broking, private and corporate wealth management, equity broking, depository services.

**(H) Financial Performance**

The Company's consolidated total income for the year 2020-21 was Rs. 6753.83 Lakhs as compared to Rs. 6442.32 Lakhs in the previous year FY2019-20. Profit before tax (PBT) was Rs. 2012.01 Lakhs as compared to Rs. 262.43 Lakhs in the previous year.

## INDEPENDENT AUDITOR'S REPORT

### To the Members of Report on the Financial Statements

#### Opinion

We have audited the accompanying financial statements of **M/s. Almondz Global Securities Limited ("the Company")** which comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, **profit** and total comprehensive **Income**, its cash flows and the changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Key Audit Matters	How our audit addressed the key audit matter
<b>1. IT systems and controls</b>	<p>The financial accounting and reporting systems of the Company are fundamentally reliant on IT systems and IT controls to process significant transaction volumes. Automated accounting procedures and IT environment controls, which include IT governance, general IT controls over program development and changes, access to programs and data and IT operations, are required to be designed and to operate effectively to ensure accurate financial reporting. Therefore, due to the pervasive nature and complexity of the IT environment, the assessment of the general IT controls and the application controls specific to the accounting and preparation of the financial information is considered to be a key audit matter</p> <ul style="list-style-type: none"> <li>• Tested the design and operating effectiveness of IT access controls over the information systems that are important to financial reporting and various interfaces, configuration and other identified application controls.</li> <li>• Tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized.</li> <li>• Tested the Company's periodic review of access rights. We also inspected requests of changes to systems for appropriate approval and authorization.</li> <li>• In addition to the above, we tested the design and operating effectiveness of certain automated and IT dependent manual controls that were considered as key internal controls over financial reporting.</li> <li>• Tested the design and operating effectiveness compensating controls in case deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.</li> </ul>
<b>2. Related party transactions (as described in note 45 to the standalone Ind AS financial statements)</b>	<p>The Company has undertaken transactions with its related parties in the ordinary course of business at arm's length. These include investments in its subsidiaries; lending loans to related parties; revenue nature transactions with related parties, etc. as disclosed in note 45 to the standalone Ind AS financial statements.</p> <ul style="list-style-type: none"> <li>• Obtained and read the Company's policies, processes and procedures in respect of identifying related parties, obtaining approval, recording and disclosure of related party transactions;</li> </ul>

<p>We identified the accuracy and completeness of the related party transactions and its disclosure as set out in respective notes to the financial statements as a key audit matter due to the significance of transactions with related parties and regulatory compliances thereon, during the year ended March 31, 2021.</p>	<ul style="list-style-type: none"> <li>• Read minutes of shareholder meetings, board meetings and minutes of meetings of those charged with governance in connection with Company's assessment of related party transactions being in the ordinary course of business at arm's length;</li> <li>• Tested, related party transactions with the underlying contracts, confirmation letters and other supporting documents;</li> <li>• Agreed the related party information disclosed in the financial statements with the underlying supporting documents, on a sample basis.</li> </ul>

#### **Information other than the Financial Statements and Auditor's Report thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's Responsibilities Relating to Other Information'.

#### **Management Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant

to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process

#### **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c. The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
  - d. In our opinion, the aforesaid financial statements comply with the Ind-AS specified under Section 133 of the Act.

- e. On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
- g. With respect to the matters to be included in the Auditor's Report in accordance with the requirements of the section 197(16) of the Act, as amended:
 

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 40 to the financial statements.
  - ii) As informed to us, the company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - iii) As informed to us, the company has no amount for transferring to the Investor Education and Protection Fund by the Company.

2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure-B** a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

## Annexure - A to the Auditors' Report

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **M/s. Almondz Global Securities Limited** ("the Company") as of 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial

reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Notes to the standalone financial statements for the year ended March 31, 2021

### **Reporting Entity**

Almondz Global Securities Limited ('the Company') is a company domiciled in India, with its registered office situated at F-33/3, Phase II Okhla Industrial Area, New Delhi-110020. The Company was incorporated in India on June 28, 1994. The Company is involved in the business of providing professional advisory and consultancy services in the areas of equity and debt capital markets, private equity, infrastructure advisory, equity broking & wealth management, debt portfolio management services and distribution.

### **1. Basis of preparation**

#### **(i) Statement of compliance with Indian Accounting Standards:**

These Ind AS financial statements ("the Financial Statements") have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act. The Company has uniformly applied the accounting policies for all the periods presented in these financial statements.

The financial statements for the year ended March 31, 2021 were authorised and approved for issue by the Board of Directors on June 24, 2021.

The significant accounting policies adopted for preparation and presentation of these financial statements are included in Note 2. These policies have been applied consistently, except for the changes in accounting policy for amendments to the standards that were issued effective for annual period beginning on or after April 1, 2019 relating to Ind AS 116 on Leases.

#### **(ii) Financial and non-financial classification**

All assets and liabilities have been classified and presented on the basis of liquidity as financial or non-financial as permitted by Division III of Schedule III to the Act.

#### **(iii) Functional and presentation currency**

These financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

#### **(iv) Basis of measurement**

The financial statements have been prepared on the historical cost basis except for the following items:

<b>Items</b>	<b>Measurement basis</b>
Certain financial assets and liabilities	Fair value/Amortised Cost
Net defined benefit (asset)/ liability	Fair value of plan assets less present value of defined benefit obligations

#### **(v) Use of estimates and judgements**

The preparation of the Company's financial statements requires management to make judgements, estimates and

assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

#### **Significant management judgements**

**Recognition of deferred tax assets** – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

**Business model assessment** - The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.

**Evaluation of indicators for impairment of assets** – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

**Classification of leases** – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Company's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Company has concluded that no changes are required to lease period relating to the existing lease contract.

**Expected credit loss (ECL)** – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. likelihood of customers defaulting

## Notes to the standalone financial statements for the year ended March 31, 2021

and resulting losses). The Company makes significant judgements regarding the following while assessing expected credit loss:

- Determining criteria for significant increase in credit risk;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

**Provisions** – At each balance sheet date, based on the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

### Significant estimates

**Useful lives of depreciable/amortisable assets** – Management reviews its estimate of useful lives, residual values and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

**Defined benefit obligation (DBO)** – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

**Fair value measurements** – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

### 1.1 Summary of significant accounting policies

#### (i) Cash and cash equivalents

Cash and cash equivalents consist of cash, bank balances in current and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase.

#### (ii) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Company or

- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

#### (iii) Property, plant and equipment

##### Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

##### Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the written-down method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Asset class	Useful life
Building	60 years
Plant and machinery	15 years
Office equipment	5 years
Computer equipment	3 years
Furniture and fixtures	10 years
Vehicles	8-10 years

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

##### De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

##### Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property,

## Notes to the standalone financial statements for the year ended March 31, 2021

plant and equipment. Assets which are not ready for intended use are also shown under capital work-in-progress.

### Transition to Ind AS

The Company has elected to measure all its property, plant and equipment at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

#### (iv) Intangible assets

##### Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including license fees paid, import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

##### Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 3 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

#### (v) Revenue from Operations

Revenue includes the following:

##### i) Brokerage fee income

Revenue from contract with customer is recognized point in time when performance obligation is satisfied (when the trade is executed i.e., trade date). These include brokerage fees which is charged per transaction executed on behalf of the clients.

##### ii) Fees & Commission Income

This includes:

###### a) Income from investment banking activities and other fees.

Income from investment banking activities and other fees is recognized as and when such services are completed / performed and as per terms of agreement with the client (i.e. when the performance obligation is completed).

###### b) Income from depository operations.

Income from depository operations is accounted when the performance obligation is completed.

###### c) Income from wealth management services

Commission (net of taxes and other statutory charges) income from distribution of financial products is recognized based on mobilization and intimation received from clients/ intermediaries or over the period of service after deducting claw back as per the agreed terms.

##### iii) Interest Income

Under Ind AS 109 interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount

of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in the statement of profit and loss with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognized by applying the effective interest rate to the net amortized cost (net of provision) of the financial asset.

#### iv) Dividend Income

Dividend income is recognized

- When the right to receive the payment is established,
- it is probable that the economic benefits associated with the dividend will flow to the Company and
- the amount of the dividend can be measured reliably

#### v) Net gain on Fair value changes

Any differences between the fair values of financial assets (including investments, derivatives and stock in trade) classified as fair value through the profit or loss ("FVTPL") (refer Note 34), held by the Company on the balance sheet date is recognized as an unrealized gain / loss. In cases there is a net gain in the aggregate, the same is recognized in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of profit and loss.

Similarly, any realized gain or loss on sale of financial instruments measured at FVTPL is recognized in net gain / loss on fair value changes.

However, net gain / loss on de-recognition of financial instruments classified as amortized cost is presented separately under the respective head in the statement of profit and loss.

#### vi) Trading shares & Securities:

Revenue on account of trading in shares is recognised on the basis of each trade executed at the stock exchange during the financial year.

In respect of non-delivery based transactions such as derivatives and intraday, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognised as profit/loss in the account.

## **Notes to the standalone financial statements for the year ended March 31, 2021**

### **(vii) Other Revenue**

In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

### **(vi) Expenses**

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, in India, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expenses allocation received from other companies is included within respective expense classifications.

### **(vii) Borrowing costs**

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing costs consists of interest and other cost that the Company incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

### **(viii) Taxation**

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial

reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

### **(ix) Employee benefits**

#### **Short-term employee benefits**

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

#### **Defined contribution plans**

The Company has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contribution made by the Company in respect of these plans are charged to the Statement of Profit and Loss.

#### **Defined benefit plans**

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service and last drawn salary. The legal obligation for any benefits remains with the Company, even if plan assets for funding the defined benefit plan have been set aside. The liability recognised in the statement of financial position for defined benefit plans is the present value of the

## Notes to the standalone financial statements for the year ended March 31, 2021

Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability/asset are included in other comprehensive income.

### **Other long-term employee benefits**

The Company also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plans. Liability in respect of compensated absences becoming due and expected to avail after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

### **(x) Leases**

#### **Company as a lessee**

The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in

circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet

#### **The Company as a lessor**

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease.

For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease.

### **(xi) Earnings per share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### **(xii) Foreign currency**

#### **Transactions and balances**

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

## Notes to the standalone financial statements for the year ended March 31, 2021

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognised in the Statement of Profit and Loss in the year in which they arise.

### Transition to Ind AS

The Company has elected to exercise the option for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP.

### (xiii) Impairment of assets

#### a) Impairment of non-financial assets

The company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset required, the company estimates the assets recoverable amount. An asset's recoverable is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the statement of Profit and loss is measured by the amount by which the carrying amount value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) has no impairment loss been recognized for the asset in prior years.

#### b) Impairment of financial assets

The company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the company does not track changes in credit risk, but instead recognize a loss allowance based on lifetime ECLs at each reporting date. The company established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit loss are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized

as an impairment gain or loss in the statement of profit and loss.

### (xiv) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

#### Non-derivative financial assets

##### Subsequent measurement

- i. **Financial assets carried at amortised cost** – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

- ii. **Investments in equity instruments** – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Company transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

#### De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de-recognised (i.e. removed from the Company's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset and substantially all the risks and rewards are transferred. Further, if the Company has not retained control, it shall also de-recognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer.

## Notes to the standalone financial statements for the year ended March 31, 2021

### **De-recognition of financial liabilities**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

### **First loss default guarantee**

First loss default guarantee contracts are contracts that require the Company to make specified payments to reimburse the bank and financial institution for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of an agreement. Such financial guarantees are given to banks and financial institutions, for whom the Company acts as 'Business Correspondent'.

These contracts are initially measured at fair value and subsequently measure at higher of:

- The amount of loss allowance (calculated as described in policy for impairment of financial assets)
- Maximum amount payable as on the reporting date to the respective bank/financial institution which is based on the amount of loans overdue for more than 75-90 days in respect to agreements with banks and financial institutions.

Further, the maximum liability is restricted to the cash outflow agreed in the agreement.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **(xv) Operating segments**

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the Company), whose operating results are regularly reviewed by the Company's management to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Operating segments of the Company are reported in a manner consistent with the internal reporting provided to the company's management.

### **(xvi) Share Based payment**

The Employees Stock Option Scheme ("the Scheme") provides for grant of equity shares of the Company to whole-time directors and employees of the Company. The fair value of options granted under Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in other equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in Statement of Profit and Loss, with a corresponding adjustment to equity.

### **(xvii) Stock-in-trade**

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship. Trading derivatives and trading securities are classified as held for trading and recognized at fair value.

### **(xviii) Equity investment in subsidiaries**

Investments representing equity interest in subsidiaries are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

### **(xix) Government grants**

Grants and subsidies from the government are recognised when there is reasonable assurance that:

- (i) the Company will comply with the conditions attached to them, and
- (ii) the grant/subsidy will be received.

Grant or subsidy relates to revenue, it is recognised as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate.

### **2.2 Standards issued but not yet effective**

There are no standards or amendments issued on or before March 31, 2021 and not yet effective, which may have any material impact on the financial statements of the Company.

### D. Estimation of fair values

The Company obtains independent valuations for each of its investment property by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

Fair market value is the amount expressed in terms of money that may be reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Company shall continue to operate and run the assets to have economic utility.

#### **Valuation technique:**

Under the market comparable method (or market comparable approach), a property's fair value is estimated based on comparable transactions. The market comparable approach is based upon the principle of substitution under which a potential buyer will not pay more for the property than it will cost to buy a comparable substitute property. In theory, the best comparable sale would be an exact duplicate of the subject property and would indicate, by the known selling price of the duplicate, the price for which the subject property could be sold. The unit of comparison applied by the Company is the price per square metre (sqm).

#### **Fair value hierarchy:**

The fair value measurement for the investment property has been categorised as a Level 2 fair value based on the inputs to the valuation technique used.

The valuation techniques and the inputs used in the fair value measurement categorised within Level 2 of the fair value hierarchy is as follows:

<b>Valuation technique</b>	<b>Observable inputs</b>
Market method	Guideline rate (Per sq. m.)

Investment property consists of commercial office spaces in Mumbai and Kolkata. During financial year 2019-20, the company has revalued the investment property at fair value. And the same has been taken for fair value purpose for the year.

### **43 Employee benefits**

The Company contributes to the following post-employment defined benefit plans in India.

#### **A. Defined contribution plans:**

The Company makes contributions, determined as a specified percentage of employee salaries, in respect of qualifying employees towards provident fund and EDLI, which are defined contribution plans. The Company has no obligations other than to make the specified contributions. The contributions are charged to the statement of profit and loss as they accrue.

	<b>Amount in Rs.</b>	<b>Amount in Rs.</b>
Contribution to provident fund (Refer note 36)	19.36	20.91

#### **B. Defined benefit plan:**

##### **Gratuity**

The Company operates a post-employment defined benefit plan for Gratuity. This plan entitles an employee to receive half month's salary for each year of completed service at the time of retirement/exit.

The present value of obligation is determined based on actuarial valuation using the Projected Unit Credit Method, which recognize each period of service as giving rise to additional employee benefit entitlement and measures each unit separately to build up the final obligation.

The most recent actuarial valuation of plan assets and the present value of the defined benefit obligation for gratuity were carried out as at 31 March 2020. The present value of the defined benefit obligations and the related current service cost and past service cost, were measured using the Projected Unit Credit Method.

#### **A. The following table set out the status of the defined benefit obligation**

### C. Plan assets

The plan assets of the Company are managed by Tata AIA Life Insurance through a trust managed by the Company in terms of an insurance policy taken to fund obligations of the Company with respect to its gratuity plan.

Plan assets comprises of the following:

	March 31, 2021	% of Plan assets	March 31, 2020	% of Plan assets
Funds managed by insurer	112.27	100%	112.27	100%

On an annual basis, an asset-liability matching study is done by the Company whereby the Company contributes the net increase in the actuarial liability to the plan manager in order to manage the liability risk.

### D. Actuarial assumptions

#### a) Economic assumptions

The principal assumptions are the discount rate and salary growth rate. The discount rate is based upon the market yields available on government bonds at the accounting date with a term that matches that of liabilities. Salary increase rate takes into account of inflation, seniority, promotion and other relevant factors on long term basis. Valuation assumptions are as follows which have been selected by the company.

	March 31, 2021	March 31, 2020
Discount rate	6.71%	6.61%
Expected rate of future salary increase	7.50%	7.50%
Expected rate of return on assets	6.71%	6.61%

The discount rate has been assumed at 'March 31, 2021: 6.71% (31 March 2020: 6.61% ; 31 March 2019: 7.51%) which is determined by reference to market yield at the balance sheet date on government securities. The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

## Notes to the standalone financial statements for the year ended March 31, 2021

(All amounts are Rupees in lacs unless otherwise stated)

### b) Demographic assumptions

	March 31, 2021	March 31, 2020
i) Retirement age (years)	60	60
ii) Mortality rates inclusive of provision for disability	IALM (2012-14)	IALM (2012-14)
iii) Withdrawal rate (%)	11.00%	11.00%

### E. Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	As at March 31, 2021		As at March 31, 2020	
	Increase	Decrease	Increase	Decrease
Discount rate (1.00% movement)	(10.47)	10.89	(9.39)	10.78
Future salary growth (1.00% movement)	7.92	(7.06)	6.81	(5.95)
Withdrawal rate (1.00% movement)	(0.96)	1.18	(0.71)	1.05

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

Sensitivities due to mortality and withdrawals are not material and hence impact of change not calculated.

Sensitivities as to rate of inflation, rate of increase of pensions in payment, rate of increase of pensions before retirement and life expectancy are not applicable being a lump sum benefit on retirement.

### Description of Risk Exposures:

Valuations are based on certain assumptions, which are dynamic in nature and vary over time. As such company is exposed to various risks as follow -

- A) Salary Increases- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- B) Investment Risk – If Plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- C) Discount Rate: Reduction in discount rate in subsequent valuations can increase the plan's liability.
- D) Mortality & disability – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- E) Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan's liability.

### F. Expected maturity analysis of the defined benefit plans in future years

Particulars	As at March 31, 2021	As at March 31, 2020
<b>Duration of defined benefit obligation</b>		
Less than 1 year	22.57	25.43
Between 1-2 years	21.94	30.88
Between 2-5 years	70.36	55.79
Between 5-10 years	83.76	85.05
Over 10 years	89.53	82.92
<b>Total</b>	<b>288.16</b>	<b>280.06</b>

Expected contributions to post-employment benefit plans for the year ending March 31, 2021 is Rs. 4,52,940.

The weighted average duration of the defined benefit plan obligation at the end of the reporting period is 9.12 years (March 31, 2020: 9.12 years).

### **44 Operating segments**

#### **A Basis of segmentation**

Segment information is presented in respect of the Company's key operating segments. The operating segments are based on the Company's management and internal reporting structure. The chief operating decision maker identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The 'Board of Directors' have been identified as the Chief Operating Decision Maker (CODM), since they are responsible for all major decision with respect to the preparation and execution of business plan, preparation of budget, planning, expansion, alliance, joint venture, merger and acquisition, and expansion of any facility.

The Board of Directors examines the Company's performance both from a product and geographic perspective and have identified the following reportable segments of its business:

The following summary describes the operations in each of the Company's reportable segments:

<b>Reportable segments</b>	<b>Operations</b>
Debt and equity market operations	It comprises dealing/trading in shares and bonds which involves exposure to market risk.
Corporate finance/ advisory fees	It comprises merchant banking, underwriting commission, corporate and loan syndication fees and arranger of debts/bonds, services in relation to infrastructure projects mainly in the nature of services etc.
Wealth Advisory / Broking activities	There are mainly in the nature of services involving no or negligible risk. "It comprises stock and share broking on stock exchanges and other related ancillary services, broking and commission of mutual funds, equity initial public offerings, capital gain bonds, fixed deposits of government undertakings and RBI taxable bonds etc. These are mainly in the nature of services involving no or negligible risk."

#### **B Information about reportable segments**

Segment assets, segment liabilities and Segment profit and loss are measured in the same way as in the financial statements.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), as included in the internal management reports that are reviewed by the Group's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing, if any, is determined on an arm's length basis.

## Notes to the standalone financial statements for the year ended March 31, 2021

(All amounts are Rupees in lacs unless otherwise stated)

**Level 1:** It includes financial instruments measured using quoted prices.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The Company's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) which approximates fair value.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of financial assets and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

### Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

#### b) Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk

#### Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the company.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company has policies covering specific areas, such as interest rate risk, foreign currency risk, other price risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

##### (i) Credit risk

**The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet**

Particulars	As at March 31, 2021	As at March 31, 2020
Trade receivables	1,313.35	1,169.40
Cash and cash equivalents	266.78	430.16

Other financial assets	674.19	665.33

## **Notes to the standalone financial statements for the year ended March 31, 2021**

(All amounts are Rupees in lacs unless otherwise stated)

### **b). Financial risk management (continued)**

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's credit risk is primarily to the amount due from customer and investments. The Company maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Company generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Company does monitor the economic environment in which it operates. The Company manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Company grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty seems partly or fully doubtful to pay its obligations.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

Trade receivables as at year end primarily relate to revenue generated from rendering of services.

Trade receivables are generally realised within the credit period.

This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors. Further, the Company does not anticipate any material credit risk of any of its other receivables.

Movement in the allowance for impairment in respect of trade receivables:

<b>Particulars</b>	<b>For the year ended March 31, 2021</b>	<b>For the year ended March 31, 2020</b>
Balance at the beginning	73.65	43.85
Impairment loss recognised / (reversed)	28.09	29.80
<b>Balance at the end</b>	<b>101.74</b>	<b>73.65</b>

### **(ii) Liquidity risk**

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of Rs. 1278.35 lac as at March 31, 2021 (March 31, 2020: Rs. 913.98 lac ) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

### b). Financial risk management (continued)

The Company's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Company's liquidity position on the basis of expected cash flows.

#### **Exposure to liquidity risk**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and includes interest accrued but not due on borrowings.

<b>As at March 31, 2021</b>	<b>Carrying amount</b>	<b>Contractual cash flows</b>		
		<b>Less than one year</b>	<b>More than one year</b>	<b>Total</b>

<b>Total</b>	<b>2,042.78</b>	<b>1,644.66</b>	<b>398.12</b>	<b>2,042.78</b>

The above amounts reflects the contractual undiscounted cash flows which may differ from the carrying value of the liabilities at the reporting date.

#### **iii) Market risk**

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Company mainly has exposure to one type of market risk namely: interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

#### **Interest rate risk**

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk.

#### **Exposure to interest rate risk**

The Company's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations exposes the Company to cash flow interest rate risk. Since the Company has no variable borrowing rates in the current year, the Company is not exposed to interest rate risk.

### **47 Capital Management**

For the purpose of the Company's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Company.

Management assesses the Company's capital requirements in order to maintain an efficient overall financing structure. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Company may return capital to shareholders, raise new debt or issue new shares.

The Company monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

- 52 The novel coronavirus (COVID-19) pandemic continues to spread across the globe including India. COVID-19 has taken its toll on not just human life, but business and financial markets too. With substantial increase in COVID-19 cases across different parts of the country, governments have introduced a variety of measures to contain the spread of virus, including lockdowns and restrictions on movement of people and goods across geographies. Stock broking services being part of capital market operations have been declared as essential services and accordingly the company has faced no business interruption on account of lockdown in case there is disruption in the functioning of capital markets the business of the company may be effected. There has been no material change in the controls or processes followed in the closing of the financial statement of the company. The management has, at the time of approving the financial statements, assessed the potential impact of the COVID-19 pandemic on the company. Based on the current assessment the management is of the view that impact of COVID-19 on the operations of the company and the carrying value of assets and liabilities is minimal. The ongoing COVID-19 situation may result in some changes in overall economic and market conditions, which may in turn have an impact on the operations of the company.
- 53 Under Ind AS prior period errors are not allowed to be recognised. Hence in compliance with the requirement of Ind AS, the figures of year ending as on March 31, 2020 have been re-stated by reversing GST part on some operational expenses as wrongly accounted as expenses, financial outcome of this re-statement is increase of profit and decrease of liability by Rs.19.91 lac in financial year 2019-20..
- 54 Previous year's figures have been regrouped / reclassified as per the current year's presentation for the purpose of comparability.

## INDEPENDENT AUDITOR'S REPORT

### To the Members of ALMONDZ GLOBAL SECURITIES LIMITED

### Report on the Consolidated Financial Statements

#### Opinion

We have audited the Consolidated financial statements of ALMONDZ GLOBAL SECURITIES LIMITED(hereinafter referred to as “the holding company”), its subsidiaries (the holding company and its subsidiaries together referred to as “the group”) and its associates, which comprising of the consolidated balance sheet as at 31st March 2021, and the consolidated statement of Profit and Loss (Including Other Comprehensive Income), the consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and associate the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the consolidated state of affairs of the Group and its associate, as at 31 March 2021, and their consolidated profit (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidences we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements for the financial year ended March 31, 2021. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated Ind AS financial statements. The results of our audit procedures,

including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying Ind AS financial statements.

Key Audit Matters	How our audit addressed the key audit matter
1. IT systems and controls	<p>The financial accounting and reporting systems of the Company are fundamentally reliant on IT systems and IT controls to process significant transaction volumes. Automated accounting procedures and IT environment controls, which include IT governance, general IT controls over program development and changes, access to programs and data and IT operations, are required to be designed and to operate effectively to ensure accurate financial reporting. Therefore, due to the pervasive nature and complexity of the IT environment, the assessment of the general IT controls and the application controls specific to the accounting and preparation of the financial information is considered to be a key audit matter</p> <ul style="list-style-type: none"> <li>• Tested the design and operating effectiveness of IT access controls over the information systems that are important to financial reporting and various interfaces, configuration and other identified application controls.</li> <li>• Tested IT general controls (logical access, changes management and aspects of IT operational controls). This included testing that requests for access to systems were appropriately reviewed and authorized.</li> <li>• Tested the Company's periodic review of access rights. We also inspected requests of changes to systems for appropriate approval and authorization.</li> <li>• In addition to the above, we tested the design and operating effectiveness of certain automated and IT dependent manual controls that were considered as key internal controls over financial reporting.</li> <li>• Tested the design and operating effectiveness compensating controls in case deficiencies were identified and, where necessary, extended the scope of our substantive audit procedures.</li> </ul>
2. Related party transactions (as described in note 45 to the standalone Ind AS financial statements)	<p>The Company has undertaken transactions with its related parties in the ordinary course of business at arm's length. These include investments in its subsidiaries; lending loans to related parties; revenue nature transactions with related parties, etc. as disclosed in note 45 to the standalone Ind AS financial statements.</p> <p>Our procedures / testing included the following:</p> <ul style="list-style-type: none"> <li>• Obtained and read the Company's policies, processes and procedures in respect of identifying related parties, obtaining approval, recording and disclosure of related party transactions;</li> <li>• Read minutes of shareholder meetings, board meetings and minutes of meetings of those charged with governance in connection with Company's</li> </ul>

<p>We identified the accuracy and completeness of the related party transactions and its disclosure as set out in respective notes to the financial statements as a key audit matter due to the significance of transactions with related parties and regulatory compliances thereon, during the year ended March 31, 2021.</p>	<p>assessment of related party transactions being in the ordinary course of business at arm's length;</p> <ul style="list-style-type: none"> <li>• Tested, related party transactions with the underlying contracts, confirmation letters and other supporting documents;</li> <li>• Agreed the related party information disclosed in the financial statements with the underlying supporting documents, on a sample basis.</li> </ul>

#### **Other Information**

The Company's Board of Directors is responsible for the other information. The other information comprises of the Annual Report but does not include the consolidated Ind AS financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained in the auditor otherwise appears to be materially misstated.

When we read such other information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to comply with the relevant applicable requirements of the standard on auditing for auditor's responsibility in relation to other information in documents containing audited Ind AS financial statements. We have nothing to report in this regard.

#### **Management's Responsibility and Those Charged with Governance for the Consolidated Financial Statements**

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated Ind AS financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated statement of changes in equity of the Group and its associates in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from

material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

That respective Board of Directors of the companies included in the Group and its associates are also responsible for overseeing the financial reporting process of the Group and its associates.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to Ind AS financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the

- date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
  - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group of which we are the independent auditors, to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the Ind AS financial statements of such entities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the other entities included in the consolidated Ind AS financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### **Report on Other Legal and Regulatory Requirements**

As required by Section 143(3) of the Act, based on our audit and the other financial information of subsidiaries and the associate, we report, to the extent applicable, that:

- (a) We have relied upon have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;

## **Annexure - A to the Auditors' Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of ALMONDZ GLOBAL SECURITIES LIMITED as of and for the year ended March 31, 2021, we have audited the internal financial controls over financial reporting of ALMONDZ GLOBAL SECURITIES LIMITED (hereinafter referred to as the "holding company") and its subsidiary companies, as of that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding Company, its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with references to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Holding Company, and its subsidiary companies, have, maintained in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The company along with its subsidiaries its associates have been collectively hereinafter referred to as "the Group".

#### **1. Basis of preparation**

##### **(i) Statement of compliance with Indian Accounting Standards:**

These consolidated Ind AS financial statements ("the Financial Statements") have been prepared in accordance with the Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs ('MCA') under Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and

other relevant provisions of the Act. The Group has uniformly applied the accounting policies for all the periods presented in these financial statements.

The consolidated financial statements for the year ended March 31, 2021 are financial statements which has been prepared in accordance with Ind AS and other applicable guidelines issued by the Reserve Bank of India (RBI).

The consolidated financial statements for the year ended March 31, 2021 were authorised and approved for issue by the Board of Directors on June 24, 2021.

The significant accounting policies adopted for preparation and presentation of these financial statements are included in Note 2. These policies have been applied consistently, except for the changes in accounting policy for amendments to the standards that were issued effective for annual period beginning on or after April 1, 2019 relating to Ind AS 116 on Leases.

##### **(ii) Principles of consolidation**

The consolidated financial statements related to Almondz Global Securities Limited hereinafter referred to as the "Company" and its subsidiaries and its associates together hereinafter referred to as the "Group" comprises the following:

Name of the Company	Date of Incorporation	Country of Incorporation	% of voting power held as at	
			March 31, 2021	March 31, 2020
<b>Subsidiaries</b>				
Almondz Finanz Limited (AFL)	12 May 2006	India	100%*	100%*

Premier Alcobev Private Limited	25 May 2007	India	50%*	50%*

\* including shares of beneficial interest through other persons.

The consolidated financial statements incorporate the financial statements of the Parent company and all its subsidiaries (from the date control is gained, being the entities that it controls). Control is evidenced where the investor is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those return through its power over the investee. The financial statements of the subsidiaries are prepared for the same reporting year as the parent company.

Where necessary, adjustments are made to the financial statements of subsidiaries to align the accounting policies in line with accounting policies of the parent company

The financial statements of subsidiaries acquired or disposed-off during the year are included in the consolidated financial statements from the effective date of acquisition or up to the effective date of disposal, as appropriate. Intra group

balances and transactions, and any unrealised income and expenses arising from intra group transactions are eliminated in preparing the consolidated financial statements.

##### **(iii) Financial and non-financial classification**

All assets and liabilities have been classified and presented on the basis of liquidity as financial or non-financial as permitted by Division III of Schedule III to the Act.

##### **(iv) Functional and presentation currency**

These consolidated financial statements are presented in Indian Rupees (₹), which is also the Group's functional currency. All amounts have been rounded-off to the nearest lacs, unless otherwise indicated.

##### **(v) Basis of measurement**

The consolidated financial statements have been prepared on the historical cost basis except for the following items:

## Notes to the consolidated financial statements for the year ended March 31, 2021

Items	Measurement basis
Certain financial assets and liabilities	Fair value
Net defined benefit (asset)/liability	Fair value of plan assets less present value of defined benefit obligations

### (vi) Use of estimates and judgements

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the related disclosures. Actual results may differ from these estimates.

#### *Significant management judgements*

**Recognition of deferred tax assets** – The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilised.

**Business model assessment** - The Group determines the business model at a level that reflects how groups of financial assets are managed together to achieve a business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and accordingly prospective change to the classification of those assets are made.

**Evaluation of indicators for impairment of assets** – The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

**Classification of leases** – Ind AS 116 requires lessees to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Group makes an assessment on the expected lease term on a lease-by-lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Group considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of the lease and the importance of the underlying asset to the Group's operations taking into account the location of the underlying asset and the availability of suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances. After considering current and future economic conditions, the Group has concluded that no

changes are required to lease period relating to the existing lease contract.

**Expected credit loss (ECL)** – The measurement of expected credit loss allowance for financial assets measured at amortised cost requires use of complex models and significant assumptions about future economic conditions and credit behaviour (e.g. likelihood of customers defaulting and resulting losses). The Group makes significant judgements regarding the following while assessing expected credit loss:

- Determining criteria for significant increase in credit risk;
- Establishing the number and relative weightings of forward-looking scenarios for each type of product/market and the associated ECL; and
- Establishing groups of similar financial assets for the purposes of measuring ECL.

**Provisions** – At each balance sheet date, based on the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding contingent liabilities. However, the actual future outcome may be different from this judgement.

#### *Significant estimates*

**Useful lives of depreciable/amortisable assets** – Management reviews its estimate of useful lives, residual values and method of depreciation of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of assets.

**Defined benefit obligation (DBO)** – Management's estimate of the DBO is based on several underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

**Fair value measurements** – Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

### 1.1 Summary of significant accounting policies

#### (i) Stock-in-trade

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking, or it is a derivative not designated in a qualifying hedge relationship. Trading derivatives and trading securities are classified as held for trading and recognised at fair value.

Goods are valued at lower of cost or net realisable value. Cost comprises of all cost of purchase, cost of conversion

## Notes to the consolidated financial statements for the year ended March 31, 2021

and other cost incurred in bringing them to their respective present location and condition. Cost is determined using FIFO method of inventory valuation.

Consumables are valued at lower of cost or net realisable value.

### (ii) Cash and cash equivalents

Cash and cash equivalents consist of cash, bank balances in current and short term highly liquid investments that are readily convertible to cash with original maturities of three months or less at the time of purchase.

### (iii) Provisions, contingent liabilities and contingent assets

Provisions are recognised only when there is a present obligation, as a result of past events, and when a reliable estimate of the amount of obligation can be made at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. Provisions are discounted to their present values, where the time value of money is material.

Contingent liability is disclosed for:

- Possible obligations which will be confirmed only by future events not wholly within the control of the Group or
- Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

### (iv) Property, plant and equipment

#### Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repair and maintenance costs are recognised in statement of profit and loss.

#### Subsequent measurement (depreciation method, useful lives and residual value)

Property, plant and equipment are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on property, plant and equipment is provided on the written-down value method over the useful life of the assets as prescribed under Part 'C' of Schedule II of the Companies Act, 2013.

Asset class	Useful life
Building	60 years
Plant and machinery	5-15 years
Office equipment	5 years
Computer equipment	3 years
Furniture and fixtures	10 years
Vehicles	8-10 years

Depreciation is calculated on pro rata basis from the date on which the asset is ready for use or till the date the asset is sold or disposed.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

#### De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss, when the asset is de-recognised.

#### Capital work-in-progress

Capital work-in-progress are carried at cost, comprising direct cost and related incidental expenses to acquire property, plant and equipment. Assets which are not ready for intended use are also shown under capital work-in-progress.

### (v) Intangible assets

#### Recognition and initial measurement

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price including license fees paid, import duties and other taxes (other than those subsequently recoverable from taxation authorities), borrowing cost if capitalisation criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

#### Subsequent measurement (amortisation method, useful lives and residual value)

Intangible assets are amortised over a period of 3 years from the date when the assets are available for use. The estimated useful life (amortisation period) of the intangible assets is arrived basis the expected pattern of consumption of economic benefits and is reviewed at the end of each financial year and the amortisation period is revised to reflect the changed pattern, if any.

#### Transition to Ind AS

The Group has elected to measure all its intangible assets at the previous GAAP carrying amount as its deemed cost on the date of transition of Ind AS i.e. April 1, 2018.

### (vi) Revenue from operations

Revenue is recognised upon transfer of control of promised product or services to customer in an amount that reflect the consideration which the Group expects to receive in

## Notes to the consolidated financial statements for the year ended March 31, 2021

exchange for those products or services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any taxes/duties and discounts.

The Group disaggregates revenue from contracts with customers by industry verticals and nature of services .

Revenue from related parties is recognised based on transaction price which is at arm's length.

### **Advisory and consultancy services**

Fee is booked on the completion of task/project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.

### **Wealth/broking activities**

Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations is accrued on completion of transaction at the stock exchanges for commission from broking operations.

In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.

Income from investment banking activities and other fees is recognised as and when such services are completed / performed and as per terms of agreement with the client (i.e. when the performance obligation is completed).

Income from depository operations is accounted when the performance obligation is completed.

Commission (net of taxes and other statutory charges) income from distribution of financial products is recognised based on mobilisation and intimation received from clients/ intermediaries or over the period of service after deducting claw back as per the agreed terms.

Brokerage and other revenue from operations are recognised net of GST wherever applicable.

### **Trading in shares and securities**

Revenue on account of trading in shares is recognised on the basis of each trade executed at the stock exchange during the financial year.

In respect of non-delivery based transactions such as derivatives and intraday, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognised as profit/loss in the account.

### **Eye services**

Revenue from eyecare services is recognised in the profit and loss over the period of service in proportion to the stage of completion of the services at reporting date.

Fee is recorded at invoice value, net of discounts and taxes if any.

Revenue from related parties is recognised based on transaction price which is at arm's length.

### **Professional fees**

Revenue from brokerage and other revenues from operation are recognised upon transfer of control of promised service to customer in an amount that reflect the consideration which the Group expects to receive in exchange for those services at the fair value of the consideration received or receivable, which is generally the transaction price, net of any discounts.

### **Revenue from commission**

Revenue in respect of commissions received is recognised in profit and loss over the period of contract in proportion to the stage of completion of the services at the reporting date. The stage of completion is assessed as per the terms of the agreement. Fee is recorded at invoice value, net of discounts and taxes, if any.

### **Interest income**

Under Ind AS 109 interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at FVTPL.

The EIR in case of a financial asset is computed:

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in the Statement of profit and loss with the corresponding adjustment to the carrying amount of the assets.

Interest income on credit impaired assets is recognised by applying the effective interest rate to the net amortised cost (net of provision) of the financial asset.

### **Net gain on fair value changes**

Any differences between the fair values of financial assets (including investments, derivatives and stock in trade) classified as fair value through the profit or loss ("FVTPL") (refer Note 35), held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under Revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of profit and loss.

However, net gain / loss on de-recognition of financial instruments classified as amortised cost is presented separately under the respective head in the Statement of profit and loss.

## **Notes to the consolidated financial statements for the year ended March 31, 2021**

### **Dividend**

Revenue is recognised when the Group's right to receive payment is established by the balance sheet date.

### **Other revenue**

In respect of other heads of income, the Group follows the practice of recognising income on accrual basis.

### **(vii) Expenses**

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, in India, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expenses allocation received from other companies is included within respective expense classifications.

### **(viii) Borrowing costs**

Borrowing costs that are directly attributable to the acquisition and/or construction of a qualifying asset, till the time such qualifying assets become ready for its intended use, are capitalised. Borrowing costs consists of interest and other cost that the Group incurred in connection with the borrowing of funds. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the Statement of Profit and Loss as incurred basis the effective interest rate method.

### **(ix) Taxation**

Tax expense recognised in Statement of Profit and Loss comprises the sum of deferred tax and current tax except to the extent it recognised in other comprehensive income or directly in equity.

Current tax comprises the tax payable or receivable on taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. Current tax is computed in accordance with relevant tax regulations. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received after considering uncertainty related to income taxes, if any. Current tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum alternate tax ('MAT') credit entitlement is recognised as an asset only when and to the extent there is convincing evidence that normal income tax will be paid during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT credit entitlement. This is reviewed at each balance sheet date and the carrying amount of MAT credit entitlement is written down to the extent it is not reasonably certain that normal income tax will be paid during

the specified period.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets are recognised on unused tax loss, unused tax credits and deductible temporary differences to the extent it is probable that the future taxable profits will be available against which they can be used. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date to recover or settle the carrying amount of its assets and liabilities. Deferred tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

### **(x) Employee benefits**

#### **Short-term employee benefits**

Short-term employee benefits including salaries, short term compensated absences (such as a paid annual leave) where the absences are expected to occur within twelve months after the end of the period in which the employees render the related service, profit sharing and bonuses payable within twelve months after the end of the period in which the employees render the related services and non-monetary benefits for current employees are estimated and measured on an undiscounted basis.

Post-employment benefit plans are classified into defined benefits plans and defined contribution plans as under:

#### **Defined contribution plans**

The Group has a defined contribution plans namely provident fund, pension fund and employees state insurance scheme. The contribution made by the Group in respect of these plans are charged to the Statement of Profit and Loss.

#### **Defined benefit plans**

The Group has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. Under the defined benefit plans, the amount that an employee will receive on retirement is defined by reference to the employee's length of service and last drawn salary. The legal obligation for any benefits remains with the Group, even if plan assets for funding the defined benefit plan have been

## Notes to the consolidated financial statements for the year ended March 31, 2021

set aside. The liability recognised in the statement of financial position for defined benefit plans is the present value of the Defined Benefit Obligation (DBO) at the reporting date less the fair value of plan assets. Management estimates the DBO annually with the assistance of independent actuaries. Actuarial gains/losses resulting from re-measurements of the liability/asset are included in other comprehensive income.

### Other long-term employee benefits

The Group also provides the benefit of compensated absences to its employees which are in the nature of long-term employee benefit plans. Liability in respect of compensated absences becoming due and expected to avail after one year from the Balance Sheet date is estimated in the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience and changes in actuarial assumptions are charged to Statement of Profit and Loss in the year in which such gains or losses are determined.

### (xi) Leases

#### Group as a lessee

The Group's lease asset classes primarily consist of leases for land and buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Group has substantially all the economic benefits from use of the asset through the period of the lease and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are

evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortised cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Group changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

#### Group as a lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

When the Group is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease.

For operating leases, rental income is recognised on a straight-line basis over the term of the relevant lease.

### (xii) Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss (interest and other finance cost associated) for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

### (xiii) Foreign currency

#### Transactions and balances

Foreign currency transactions are translated into the functional currency, by applying the exchange rates on the foreign currency amounts at the date of the transaction. Foreign currency monetary items outstanding at the balance sheet date are converted to functional currency using the

## Notes to the consolidated financial statements for the year ended March 31, 2021

closing rate. Non-monetary items denominated in a foreign currency which are carried at historical cost are reported using the exchange rate at the date of the transaction.

Exchange differences arising on monetary items on settlement, or restatement as at reporting date, at rates different from those at which they were initially recorded, are recognised in the Statement of Profit and Loss in the year in which they arise.

### Transition to Ind AS

The Group has elected to exercise the option for accounting for exchange differences arising from translation of long-term foreign currency monetary items recognised in the financial statements for the period ending immediately before the beginning of the first Ind AS financial reporting period as per the previous GAAP.

### (xiv) Impairment of assets

#### a) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset required, the Group estimates the assets recoverable amount. An asset's recoverable is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognised in the Statement of profit and loss is measured by the amount by which the carrying amount value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the Statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortisation or depreciation) has no impairment loss been recognised for the asset in prior years.

#### b) Impairment of financial assets

The Group recognises loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit and loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognise a loss allowance based on lifetime ECLs at each reporting date. The Group established a provision matrix that is based on its historical credit loss experience, adjusted for forward looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit loss are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial

recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the Statement of profit and loss.

### (xv) Financial instruments

A Financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs. Subsequent measurement of financial assets and financial liabilities is described below.

#### Non-derivative financial assets

##### Subsequent measurement

###### i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

###### ii. Investments in equity instruments – Investments in equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Group makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL). Amounts presented in other comprehensive income are not subsequently transferred to profit or loss. However, the Group transfers the cumulative gain or loss within equity. Dividends on such investments are recognised in profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment.

#### De-recognition of financial assets

Financial assets (or where applicable, a part of financial asset or part of a group of similar financial assets) are de-recognised (i.e. removed from the Group's balance sheet) when the contractual rights to receive the cash flows from the financial asset have expired, or when the financial asset

## Notes to the consolidated financial statements for the year ended March 31, 2021

and substantially all the risks and rewards are transferred. Further, if the Group has not retained control, it shall also de-recognise the financial asset and recognise separately as assets or liabilities any rights and obligations created or retained in the transfer.

### **De-recognition of financial liabilities**

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

### **First loss default guarantee**

First loss default guarantee contracts are contracts that require the Group to make specified payments to reimburse the bank and financial institution for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of an agreement. Such financial guarantees are given to banks and financial institutions, for whom the Group acts as 'Business Correspondent'.

These contracts are initially measured at fair value and subsequently measure at higher of:

- The amount of loss allowance (calculated as described in policy for impairment of financial assets)
- Maximum amount payable as on the reporting date to the respective bank/financial institution which is based on the amount of loans overdue for more than 75-90 days in respect to agreements with banks and financial institutions.

Further, the maximum liability is restricted to the cash outflow agreed in the agreement.

### **Offsetting of financial instruments**

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### **(xvi) Operating segments**

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses (including revenues and

expenses relating to transactions with other components of the Group), whose operating results are regularly reviewed by the Group's chief operating decision maker (CODM) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available. Operating segments of the Group are reported in a manner consistent with the internal reporting provided to the CODM.

### **(xvii) Share based payment**

The Employees Stock Option Scheme ("the Scheme") provides for grant of equity shares of the parent company to whole-time directors and employees of the parent company. The fair value of options granted under Employee Stock Option Plan is recognised as an employee benefits expense with a corresponding increase in other equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the Group revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in Statement of Profit and Loss, with a corresponding adjustment to equity.

### **(xviii) Equity investment in subsidiaries**

Investments representing equity interest in subsidiaries are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

### **(xix) Government grants**

Grants and subsidies from the government are recognised when there is reasonable assurance that:

- (i) the Group will comply with the conditions attached to them, and
- (II) the grant/subsidy will be received.

Grant or subsidy relates to revenue, it is recognised as income on a systematic basis in profit or loss over the periods necessary to match them with the related costs, which they are intended to compensate.

### **2.2 Standards issued but not yet effective**

There are no standards or amendments issued on or before March 31, 2021 and not yet effective, which may have any material impact on the financial statements of the Group.

<b>D. Estimation of fair values</b>		

The Group obtains independent valuations for each of its investment property by external, independent property valuers, having appropriate recognised professional qualifications and recent experience in the location and category of the property being valued.

Fair market value is the amount expressed in terms of money that may be reasonably be expected to be exchanged between a willing buyer and a willing seller, with equity or both. The valuation by the valuer assumes that Group shall continue to operate and run the assets to have economic utility.

**Valuation technique:**

Under the market comparable method (or market comparable approach), a property's fair value is estimated based on comparable transactions. The market comparable approach is based upon the principle of substitution under which a potential buyer will not pay more for the property than it will cost to buy a comparable substitute property. In theory, the best comparable sale would be an exact duplicate of the subject property and would indicate, by the known selling price of the duplicate, the price for which the subject property could be sold. The unit of comparison applied by the Group is the price per square metre (sqm).

**Fair value hierarchy:**

The fair value measurement for the investment property has been categorised as a Level 2 fair value based on the inputs to the valuation technique used.

The valuation techniques and the inputs used in the fair value measurement categorised within Level 2 of the fair value hierarchy is as follows:

Valuation technique	Observable inputs
Market method	Guideline rate (Per sq. m.)

Investment property consists of commercial office spaces and residential flats in various places over India. During the year the Group has revalued the investment property at fair value.

**50 Operating segments**

**A Basis of segmentation**

Segment information is presented in respect of the Group's key operating segments. The operating segments are based on the Group's management and internal reporting structure. The chief operating decision maker identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly. All operating segments' operating results are reviewed regularly by the Board of Directors to make decisions about resources to be allocated to the segments and assess their performance.

The 'Board of Directors' have been identified as the Chief Operating Decision Maker (CODM), since they are responsible for all major decision with respect to the preparation and execution of business plan, preparation of budget, planning, expansion, alliance, joint venture, merger and acquisition, and expansion of any facility.

The Board of Directors examines the Group's performance from a product perspective and have identified the following reportable segments of its business:

The following summary describes the operations in each of the Group's reportable segments:

<b>Reportable segments</b>	<b>Operations</b>

### B Information about reportable segments

Segment assets, Segment liabilities and Segment profit and loss are measured in the same way as in the financial statements.

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit (before tax), as included in the internal management reports that are reviewed by the Group's Board of Directors. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Inter-segment pricing, if any, is determined on an arm's length basis.

**Level 1:** It includes financial instruments measured using quoted prices.

**Level 2:** The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. The fair value of financial assets and liabilities included in Level 3 is determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions and dealer quotes of similar instruments.

The Group's borrowings have been contracted at floating rates of interest. Accordingly, the carrying value of such borrowings (including interest accrued but not due) which approximates fair value.

The carrying amounts of trade receivables, trade payables, cash and cash equivalents and other financial assets and liabilities, approximates the fair values, due to their short-term nature. Fair value of financial assets which includes bank deposits (due for maturity after twelve months from the reporting date) and security deposits is similar to the carrying value as there is no significant differences between carrying value and fair value.

The fair value for security deposits were calculated based on discounted cash flows using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

### Valuation processes

The Management performs the valuations of financial assets and liabilities required for financial reporting purposes on a periodic basis, including level 3 fair values.

### b). Financial risk management

The Group has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk
- Interest rate risk

### Risk management framework

The Group Board of Directors has overall responsibility for the establishment and oversight of the Group's risk management framework. The Board of Directors have authorised senior management to establish the processes and ensure control over risks through the mechanism of properly defined framework in line with the businesses of the Group.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risks limits and controls, to monitor risks and adherence to limits. Risk management policies are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Group has policies covering specific areas, such as interest rate risk, foreign currency risk, other price risk, credit risk, liquidity risk, and the use of derivative and non-derivative financial instruments. Compliance with policies and exposure limits is reviewed on a continuous basis.

#### b). Financial risk management (continued)

##### (i) Credit risk

**The maximum exposure to credit risks is represented by the total carrying amount of these financial assets in the balance sheet**

Particulars	As at March 31,2021	As at March 31,2020
Cash and cash equivalents	1,380.49	1,820.88
Bank balances other than cash and cash equivalents	1,520.66	1,064.17
Trade receivables	2,749.69	2,459.15
Other receivables	75.13	76.97
Inventories	620.40	186.92
Loans	3,319.89	2,421.02
Investments	4,610.28	2,607.98
Other financial assets	923.70	941.05

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers.

The Group's credit risk is primarily to the amount due from customer and investments. The Group maintains a defined credit policy and monitors the exposures to these credit risks on an ongoing basis. Credit risk on cash and cash equivalents is limited as the Group generally invests in deposits with scheduled commercial banks with high credit ratings assigned by domestic credit rating agencies.

The maximum exposure to the credit risk at the reporting date is primarily from trade receivables. Trade receivables are unsecured and are derived from revenue earned from customers primarily located in India. The Group does monitor the economic environment in which it operates. The Group manages its Credit risk through credit approvals, establishing credit limits and continuously monitoring credit worthiness of customers to which the Group grants credit terms in the normal course of business.

On adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or gain. The Company establishes an allowance for impairment that represents its expected credit losses in respect of trade receivable. The management uses a simplified approach (i.e. based on lifetime ECL) for the purpose of impairment loss allowance, the company estimates amounts based on the business environment in which the Company operates, and management considers that the trade receivables are in default (credit impaired) when counterparty seems partly or fully doubtful to pay its obligations.

When a trade receivable is credit impaired, it is written off against trade receivables and the amount of the loss is recognised in the income statement. Subsequent recoveries of amounts previously written off are credited to the income statement.

Wherever the provision matrix cannot be applied to calculate a default risk rate, the Group creates a provision on a certain percentage of its receivables, following the prudence approach of accounting.

Trade receivables as at year end primarily relate to revenue generated from rendering of services.  
 Trade receivables are generally realised within the credit period.

This definition of default is determined by considering the business environment in which entity operates and other macro-economic factors. Further, the Group does not anticipate any material credit risk of any of its other receivables.

<b>Balance at the end</b>	<b>257.55</b>	<b>194.28</b>

**b). Financial risk management (continued)**

**(ii) Liquidity risk**

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group believes that its liquidity position, including total cash (including bank deposits under lien and excluding interest accrued but not due) of Rs. 2901.15 lac as at March 31, 2021 (March 31, 2020: Rs. 2885.04 lac) and the anticipated future internally generated funds from operations will enable it to meet its future known obligations in the ordinary course of business.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and funding from group companies to meet its liquidity requirements in the short and long term.

The Group's liquidity management process as monitored by management, includes the following:

- Day to day funding, managed by monitoring future cash flows to ensure that requirements can be met.
- Maintaining rolling forecasts of the Group's liquidity position on the basis of expected cash flows.

**Exposure to liquidity risk**

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and includes interest accrued but not due on borrowings.

The above amounts reflects the contractual undiscounted cash flows which may differ from the carrying value of the liabilities at the reporting date.

### b). Financial risk management

#### iii). Market risk

Market risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, the Group mainly has exposure to one type of market risk, viz. interest rate risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

#### Interest rate risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's main interest rate risk arises from non-current borrowings with variable rates, which expose the Group to cash flow interest rate risk.

#### Exposure to interest rate risk

The Group's interest rate risk arises majorly from the term loans from banks carrying floating rate of interest. These obligations exposes the Group to cash flow interest rate risk. Since there were no borrowings at floating interest rates, the Group is not exposed to interest rate risk as of the reporting date.

## 52 Capital Management

For the purpose of the Group's capital management, capital includes issued equity share capital and all other equity reserves attributable to the equity holders of the Group.

Management assesses the Group's capital requirements in order to maintain an efficient overall financing structure. The Group manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

To maintain or adjust the capital structure, the Group may return capital to shareholders, raise new debt or issue new shares.

The Group monitors capital on the basis of the debt to capital ratio, which is calculated as interest-bearing debts divided by total capital (equity attributable to owners of the parent plus interest-bearing debts).

- 57 The Group has not transferred any assets that are derecognised in their entirety where the Group continues to have continuing involvement.
- 58 There are no borrowing costs that have been capitalised during the year ended March 31, 2021 and March 31, 2020.
- 59 The Group does not have any financing activities which affect the capital and asset structure of the Group without the use of cash and cash equivalents.
- 60 The novel coronavirus (COVID-19) pandemic continues to spread across the globe including India. COVID-19 has taken its toll on not just human life, but business and financial markets too. With substantial increase in COVID-19 cases across different parts of the country, governments have introduced a variety of measures to contain the spread of virus, including lockdowns and restrictions on movement of people and goods across geographies. Stock broking services being part of capital market operations have been declared as essential services and accordingly the company has faced no business disruption on account of lockdown. In case there is disruption in the functioning of capital markets the business of the company may be affected. There has been no material change in the controls or processes followed in the closing of the financial statement of the company. The management has, at the time of approving the financial statements, assessed the potential impact of the COVID-19 pandemic on the company. Based on the current assessment the management is of the view that impact of COVID-19 on the operations of the company and the carrying value of assets and liabilities is minimal. The ongoing COVID-19 situation may result in some changes in overall economic and market conditions, which may in turn have an impact on the operations of the company.

#### **NOTES:**

1. In view of the prevailing COVID-19 pandemic, the Ministry of Corporate Affairs (the "MCA") vide its General Circulars No. 14/2020, No. 17/2020, No. 20/2020 and No. 02/2021 dated April 8, 2020, April 13, 2020, May 5, 2020 and January 13, 2021 respectively (hereinafter, collectively referred as the MCA Circulars) read with SEBI Circulars No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 and SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated May 12, 2020 and January 15, 2021 respectively (hereinafter, collectively referred as the SEBI Circulars), has allowed companies to conduct their annual general meetings through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), thereby, dispensing with the requirement of physical attendance of the members at their AGM and accordingly, the 27<sup>th</sup> **Annual General Meeting (the "AGM" or the "Meeting") of Almondz Global Securities Limited (the "Company")** will be held through VC or OAVM in compliance with the said circulars and the relevant provisions of the Companies Act, 2013 (as amended) (the "Act") and Rules made thereunder and the

SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended) (the "Listing Regulations"). Members attending the AGM through VC or OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.

- 2. Keeping the convenience of the Members positioned in different time zones, the Meeting has been scheduled at 11:30 A.M. IST.**

**3. IN TERMS OF THE MCA CIRCULARS AND SEBI CIRCULAR NO. SEBI/HO/CFD/CMD1/CIR/P/2020/79 DATED MAY12, 2020, THE REQUIREMENT OF SENDING PROXY FORMS TO HOLDERS OF SECURITIES AS PER PROVISIONS OF SECTION 105 OF THE ACT READ WITH REGULATION 44(4) OF THE LISTING REGULATIONS, HAS BEEN DISPENSED WITH. THEREFORE, THE FACILITY TO APPOINT PROXY BY THE MEMBERS WILL NOT BE AVAILABLE AND CONSEQUENTLY, THE PROXY FORM AND ATTENDANCE SLIP ARE NOT ANNEXED TO THIS NOTICE CONVENING THE 27<sup>TH</sup> AGM OF THE COMPANY (THE "NOTICE").**

However, in pursuance of Section 113 of the Act and Rules framed thereunder, the corporate members are entitled to appoint authorized representatives for the purpose of voting through remote e-Voting or for the participation and e-Voting during the AGM, through VC or OAVM. Institutional Shareholders (i.e., other than individuals, HUF, NRI, etc.) are required to send scanned copy (PDF / JPG Format) of the relevant Board Resolution / Power of Attorney / appropriate Authorization Letter together with attested specimen signature(s) of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer through e-mail at [ashugupta.cs@gmail.com](mailto:ashugupta.cs@gmail.com) with a copy marked to [www.evotingindia.com](http://www.evotingindia.com)

- 4. Since the AGM will be held through VC or OAVM, no Route Map is being provided with the Notice.**
- 5. In case of Joint-holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote during the AGM.**
- 6. An Explanatory Statement pursuant to Section 102 of the Act and Rules framed thereunder, in respect of the Special Business under Item No. 3 and 4 is annexed hereto. The recommendation of the Board of Directors of the Company (the "Board") in terms of Regulation 17(11) of the Listing Regulations is also provided in the said Statement. Necessary information of the Directors seeking appointment/re-appointment at the AGM as required under Regulation 36(3) of the Listing Regulations and the Revised Secretarial Standard on General Meetings (SS-2) issued by the Institute of Company Secretaries of India (ICSI) is also appended to the Notice.**

**7. Dispatch of Annual Report through E-mail**

In accordance with the MCA Circulars and the said SEBI Circular, the Notice alongwith the Annual Report of the Company for the financial year ended March 31, 2021, will be sent only through e-mail, to those Members whose e-mail addresses are registered with the Company or the Registrar and Share Transfer Agent (the "RTA"), i.e., M/s. Beetal

Financial Computers Private Limited or the Depository Participant(s). The Notice and the Annual Report for the financial year ended March 31, 2021 shall be available on the websites of the Company viz., [www.almondzglobal.com](http://www.almondzglobal.com) and of the Stock Exchanges where Equity Shares of the Company are listed. The Notice shall also be available on the e-Voting website of the agency engaged for providing e-Voting facility, i.e., Central Depository Services (India) Limited (CDSL), viz., [www.evotingindia.com](http://www.evotingindia.com)

**8. PROCEDURE FOR ATTENDING THE AGM THROUGH VC OR OAVM**

Members will be able to attend the AGM through VC or OAVM by using their remote e-Voting login credentials and selecting the EVEN for the AGM. **Further details in this regard are annexed separately and form part of this Notice.**

**9. PROCEDURE FOR REMOTE E-VOTING AND E-VOTING DURING THE AGM**

The remote e-Voting period will commence on Sunday, September 26, 2021 (10:00 A.M. IST) and will end on Tuesday, September 28, 2021 (5:00 P.M. IST). During this period, the Members of the Company, holding shares either in physical or dematerialized mode, as on the cut-off date, i.e., Wednesday, September, 22, 2021, may cast their vote by remote e-Voting. The remote e-Voting module shall be disabled by CDSL for voting thereafter. Only those Members who are present in the Meeting through VC or OAVM facility and have not cast their votes on resolutions through remote e-Voting and are otherwise not barred from doing so, shall be allowed to vote through e-Voting system during the AGM. However, Members who would have cast their votes by remote e-Voting may attend the Meeting, but shall neither be allowed to change it subsequently nor cast votes again during the Meeting and accordingly, their presence shall also be counted for the purpose of quorum under Section 103 of the Act. The Members, whose names appear in the Register of Members / list of Beneficial Owners as on Wednesday, September, 22, 2021 being the cut-off date, are entitled to vote on the Resolutions set forth in the Notice. The voting rights of the Members shall be in proportion to their share(s) of the paid-up equity share capital of the Company as on the cut-off date. A person who is not a member as on the cut-off date should treat this Notice for information purpose only. The Board of Directors has appointed CS Ashu Gupta & Co, Practising Company Secretary (FCS : 4123/C.P. No.: 6646), or failing whom, such other practicing company secretary as the Board of Directors of the Company may appoint, as the Scrutinizer for scrutinizing the process of remote e-Voting and also e-Voting during the Meeting in a fair and transparent manner. The Scrutinizer shall, immediately after the conclusion of the Meeting, count the votes cast at the Meeting and thereafter, unblock the votes cast through remote e-Voting in presence of at least two witnesses not in employment of the Company and submit a Consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, not later than 48 hours after the conclusion of the Meeting. Thereafter, the Results of e-Voting shall be declared forthwith by the Chairman or by any other director/person duly authorised in this regard. The Results declared along with the Report of the Scrutinizer shall be placed on the Company's website ([www.almondzglobal.com](http://www.almondzglobal.com)) and shall

simultaneously be communicated to the Stock Exchanges where the equity shares of the Company are listed. Subject to the receipt of requisite number of votes, the businesses mentioned in the Notice / the resolution(s) forming part of the Notice shall be deemed to be passed on the date of the AGM, i.e., Wednesday, September 29, 2021.

**10. Procedure to raise Questions / seek Clarifications**

- (a) As the AGM is being conducted through VC or OAVM, the Members are encouraged to express their views / send their queries well in advance for smooth conduct of the AGM but not later than 5:00 P.M. (IST) Tuesday, September 21, 2021, mentioning their names, folio numbers / demat account numbers, e-mail addresses and mobile numbers at [secretarial@almondz.com](mailto:secretarial@almondz.com) and only such questions / queries received by the Company till the said date and time shall be considered and responded during the AGM.
- (b) Members willing to express their views or ask questions during the AGM are required to register themselves as speakers by sending their requests from Monday, September 20, 2021 (9:00 A.M. IST) to Friday, September 24, 2021 (5:00 P.M. IST) at [secretarial@almondz.com](mailto:secretarial@almondz.com) from their registered e-mail addresses mentioning their names, folio numbers / demat account numbers, PAN details and mobile numbers. Only those Members who have registered themselves as speakers will be allowed to express their views/ask questions during the AGM. The Chairman of the Meeting / the Company reserves the right to restrict the number of questions, time allotted and number of speakers to ensure smooth conduct of the AGM.
- (c) Members seeking any information on the financial accounts, operations or any matter to be placed at the AGM, are requested to write to the Company from Monday, September 20, 2021 (9:00 A.M. IST) to Friday, September 24, 2021 (5:00 P.M. IST) through e-mail at [secretarial@almondz.com](mailto:secretarial@almondz.com) and the same will be suitably replied by the Company.

**11. Procedure for inspection of documents**

Members desirous of inspecting the same may send their requests at [secretarial@almondz.com](mailto:secretarial@almondz.com) from their registered e-mail addresses mentioning their names and folio numbers / demat account numbers. During the AGM, the Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act and the Register of Contracts or arrangements in which Directors are interested maintained under Section 189 of the Act shall be made available for inspection upon login at CDSL e-Voting system.

**12. Book Closure Period**

The Share Transfer Books and Register of Members of the Company will remain closed from **Thursday, September 23, 2021 to Wednesday, September 29, 2021 (both days inclusive)** for the purpose of the AGM.

**13. Nomination Facility**

Members holding shares under a single name in physical mode are advised to make nomination in respect of their

shareholding in the Company. Members holding shares in demat mode should file their nomination with their respective Depository Participant(s).

- 14.** Pursuant to Regulation 40 of the Listing Regulations, the securities of listed companies can be transferred only in the dematerialized mode w.e.f. April 1, 2019, except in case of transmission or transposition of securities. In this regard, SEBI has clarified by a Press Release No. 12/2019 dated March 27, 2019, that the said amendments do not prohibit an investor from holding the shares in physical mode and the investor has the option of holding shares in physical mode even after April 1, 2019. However, any investor who is desirous of transferring shares (which are held in physical mode) after April 1, 2019 can do so only after the shares are dematerialized. However, requests for transfer of shares held in physical mode, as filed in Form SH-4, prior to April 1, 2019 and returned to the investors due to deficiency in the documents, may be re-submitted for transfer even after April 1, 2019 provided it is submitted alongwith the necessary documents including PAN details. In exceptional cases, the transfer of physical shares is subject to the procedural formalities as prescribed under SEBI Circular No. SEBI/HO/MIRSD/DOS3/CIR/P/2018/139 dated November 6, 2018.

- 15. Transfer of Unclaimed or Unpaid amounts to the Investor Education and Protection Fund (IEPF)** Pursuant to Sections 124 and 125 of the Act, Rules made thereunder (as amended), the amount of dividend remaining unclaimed or unpaid for a period of seven years or more from the date they first become due for payment, have been transferred to the account of Investor Education and Protection Fund (IEPF) established by the Government of India. Concerned shares have also been transferred to the Demat Account of the IEPF Authority. The complete list of said Members is available on the website of the Company. **EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

**Item No. 3.**

Mr. Satish Chandra Sinha (DIN 03598173), joined the Board of Directors of the Company on 25 May 2016 as an Independent Director. Pursuant to the provisions of Sections 149, 152 and the Rules made thereunder read with Schedule IV of the Companies Act, 2013 and Clause 49 of the erstwhile Listing Agreements entered into with the stock exchanges, an independent director

can hold office for a term up to five consecutive years on the board of a company and he is eligible for re-appointment on passing of a Special Resolution by the Company subject to maximum of two consecutive terms and while calculating the tenure, any tenure of an Independent Director as on the date of commencement of the Companies Act, 2013 shall not be counted as a term. Accordingly, the Members of the Company at their 22<sup>nd</sup> Annual General Meeting held on September 29, 2016 appointed Mr. Satish Chandra Sinha as an Independent Director of the Company for a period of five years i.e. up to Mar 24, 2021 (first term). The Board of Directors on June 24, 2021 re-appointed Mr. Satish Chandra Sinha as an Independent Director for a period of five years with effect from May 24 2021 subject to the approval of Members of the Company at the ensuing Annual General Meeting. Mr. Satish Chandra Sinha aged about 69 is a seasoned Banker having more than 32 years' experience as a banker in Union Bank of India. Starting his career as a probationary officer in 1975 he worked across various locations in India, including rural, urban, and metro regions and rose to the position of General Manager in 2006. He had also held the position of Executive Director on the Board of Oriental Bank of Commerce and as member of Board for Industrial & Financial Reconstruction. He had also having association as honorary member of the Apex committee of the SIDBI Innovation and Incubation Centre (SIIC) formed by the collaboration between IIT Kanpur and the government of Uttar Pradesh and Nominee Director (Non-Executive) on the Board of Canara HSBC Oriental Bank of Commerce Life Insurance Company Limited between 2011 and 2012. Mr. Satish Chandra Sinha is B.Com from Patna University and also hold CAIIB diploma.

He is not holding any shares in the Company. In the opinion of the Board, Mr. Satish Chandra Sinha fulfils the conditions for appointment of Independent Director as specified in the Act and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and is independent of the management. His background and experience and contributions made by him during his tenure, the association of Mr. Satish Chandra Sinha would be beneficial to the Company and it is desirable to re-appoint him as an Independent Director of the Company, not liable to retire by rotation, for a second term of five consecutive years w.e.f. 24 May 2021. The Company has received a notice in writing under the provisions of Section 160 of the Companies Act, 2013 from a Member proposing the candidature of Mr. Satish Chandra Sinha for the office of Director of the Company. Copy of the draft letter of appointment of Mr. Satish Chandra Sinha setting out the terms and conditions of appointment and the names of companies and the committees in which Mr. Satish Chandra Sinha is a director / member is available for inspection without any fee by the Members at the Registered Office of the Company. The details of Mr. Satish Chandra Sinha as required under the provisions of Regulation 36(3) of the Listing Regulations, 2015 and other applicable provisions are provided in **Annexure - A** to this Notice. No Director, Key Managerial Personnel or their relatives except Mr. Satish Chandra Sinha is interested or concerned in the Resolution. The Board of Directors recommends the Special Resolution set forth at Item No. 3 of the Notice for approval of the Members of the Company

#### **Item No. 4.**

The clause III (A) 5 of the Memorandum of Association of the Company contains the object relating to financing and investment activity which does not match with the business and operation of the Company. The Company is mainly into providing various

kind of consultancy services in the field of financial market, Infrastructures advisory etc. The company also wants to provide consultancy services in the field of Information Technology and therefore it is proposed to deleting the existing clause III (A) 5 of the Memorandum of Association of the Company and replace it with the new clause III (A) 5 .

Accordingly, the Board in its meeting held on 10 August, 2021 has approved the deletion and substituting new clause III (A) 5 in place of existing clause in the Memorandum of Association of the Company.

No Director, Key Managerial Personnel or their relatives is interested or concerned in the Resolution. The Board of Directors recommends the Special Resolution set forth at Item No. 4 of the Notice for approval of the Members of the Company

- iii. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

- iv. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
- v. Pursuant to MCA Circular No. 14/2020 dated April 08, 2020, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
- vi. In line with the Ministry of Corporate Affairs (MCA) Circular No. 17/2020 dated April 13, 2020, the Notice calling the AGM has been uploaded on the website of the Company at [www.almondzglobal.com](http://www.almondzglobal.com). The Notice can also be accessed from the websites of the Stock Exchanges i.e. BSE Limited and National Stock Exchange of India Limited at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com) respectively. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. [www.evotingindia.com](http://www.evotingindia.com).
- vii. The AGM has been convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circular No. 14/2020 dated April 8, 2020 and MCA Circular No. 17/2020 dated April 13, 2020 and MCA Circular No. 20/2020 dated May 05, 2020.
- viii. In continuation of this Ministry's [General Circular No. 20/2020](#), dated 05th May, 2020 and after due examination, it has been decided to allow companies whose AGMs were due to be held in the year 2020, or become due in the year 2021, to conduct their AGMs on or before 31.12.2021, in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 as per MCA circular no. 02/2021 dated January, 13, 2021.

**THE INSTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM/EGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**

- (i) The voting period begins on Sunday, September 26, 2021 (10:00 A.M. IST) and will end on Tuesday, September 28, 2021 (5:00 P.M. IST). During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date, i.e., Thursday, September, 22, 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. [SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020](#), under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

(iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.
